# State Summary

## Kansas

The Department of Veterans Affairs (VA) offers a wide variety of programs and services. Many Veterans use VA education programs, obtain VA guaranteed home loans, and receive VA disability payments. VA completed a record-breaking 1.17 million disability claims in FY13, and is on track to complete even more in FY14.

One of the most visible of all VA benefits is a large health network of hospitals, community-based outpatient clinics, Vet Centers, nursing homes, residential rehabilitation treatment programs, and comprehensive home care programs. Veterans are expected to make more than 86.4 million outpatient visits to VA health care facilities this year.

VA also manages a network of national cemeteries, soldier's lots, and monument sites, and provides headstones and markers for Veterans' graves worldwide.
